

# EASYPURGE

ACTIVE PURGING COMPOUND

APC

TECHNICAL DATA SHEET

## INJECTION-EXTRUSION 135°C – 350°C

**EASYPURGE APC** is a concentrated emulsion purge.

It is especially designed to clean screws, nozzles, hot runners, moulds and carbon residuals extruder's heads, eliminating deposits and incrustations.

Highly effective with color and resin changes, including all thermoplastics such as: ABS, PA, PET, PS, PMMA, PC, SAN, PVC, EVA, PU, TR, PBT, PPO, PPS, PPA, PP, PE, etc.

EASYPURGE APC is emission free, odorless, non-toxic and contains no solvents or abrasives.

EASYPURGE APC components are listed in "indirect additive used in food contact" or classified as "Generally recognized as safe" by the FDA and are identified in the TSCA and REACH inventory list.

**ONE PRODUCT  
FOR ALL YOUR PURGING NEEDS,**
